

you're here. now what?

Hi, I'm **Summer Stipe** and I am the Founder & Lead Planner at Juniper. As a native, it is my joy to share the best of Western North Carolina. Juniper customers are travelers, adventurers, food lovers, artists, explorers, and creatives.

I've crafted **downloadable itineraries** for purchase that will allow you to enjoy the scenery, culture, dining, and experiences that make this area so beloved. I hope one of these itineraries will help you engage the area with more intentionality – and far less stress.
